Newark Eagles B.B. Club.  
To Business manager.

May-2-1943

Dear Mrs Manley:-

It's a credit to our race & to Base Ball to see the effort put forth by you & the other club owners & trying to make it possible to be independent of the major leagues. It's better to be erect a round & solid foundation of our own as the Big League. Therefore according to gate totals I'm sure the Eagles ~~draw~~<sup>draw</sup> as large a crowd as many "Big League". so why bother about any league but N.Y.C.

But this is not why I'm writing<sup>to</sup> you. It's about your selection of Luttles as manager. This should have been your choice long ago as he is a great ball player & a credit to the game & if given the green light I'm sure he'll make good pep talks are the things that all teams need the straight from the shoulder stuff that makes a fellow feel that I can do it. I don't think so but do it. I'm not after a job but I am anxious to see our boys the Eagles put it over.

I'd like to meet your club & give them a real pep talk & not something that they will forget. So let me hear from you at once hoping this meets your approval. I'm yours for business a rooter & fan of your club and will be there every Sunday they play.

at the stadium in Newark. I'm not seeking anything for my services, but I am sure a stranger has a different effect on an organization such as you have.

It's about time our people did such acts as this & stop asking & begging, do something for the race & stop crying to the other fellow we need guts, grit, & go get it now we've lost too much time on waiting.

I have a plan that will get a team so full of fire you'll have to call out the fire dept. to put it out.

I am sure you'll remember me from last year over at Dexter park Brooklyn the Sunday Bill pitched in both games.

hoping to be able to assist in this capacity.

again I'm only proving there.

are some in our race that race conscious

thanks & best wishes for success

and let the best club win

the pennant this year come Eagles

the cards did it so can you let go! Mule.
